

JUROR QUESTIONNAIRE

Instructions

Dear Prospective Juror:

An important part of any trial is the jury selection process. During jury selection, the judge and the lawyers for the parties will ask all of the prospective jurors questions. These questions are necessary to ensure that those selected to serve on the jury are representative of our community at large, and can be fair and impartial judges of the facts. Giving complete and candid answers on this questionnaire and during jury selection is an important step for ensuring a fair and impartial trial and is one of your important duties as a prospective juror.

From this moment going forward, and until you are released from the jury selection process, you must not communicate about this case or your role as a prospective juror with anyone, including your family and friends. This is because the Court requires you to use only the information/evidence you receive in court to make your decisions and to be free from outside influences.

You must not read anything about the case or listen to any reports about the case, to the extent that there are any. In addition, do not communicate about or do any research about the case, the parties, the attorneys, or the case issues by any means.

What follows is a brief questionnaire. Please answer each question as completely and accurately as you reasonably can. Your answers will help reduce the amount of time needed to complete the jury selection process. If there is not sufficient space provided for you to complete your answer, please use the blank space on this page to complete your answer. The information provided by you will be treated as confidential and used only for purposes of jury selection in this case.

If you feel that any question requires an answer which is too sensitive, personal or private to be discussed in open court, simply write "PRIVATE" in the left margin next to your answer and the questioning on that topic will be held in private, out of the presence of the other prospective jurors.

Please do not discuss either the questions or your answers with anyone, not even your family or friends. If you do not understand a particular question, please write "I DO NOT UNDERSTAND" next to the question and it will be explained to you in Court.

Keep in mind there are no "right" or "wrong" answers, only complete and incomplete answers. Complete answers are far more helpful than incomplete answers because they make additional questioning unnecessary. Therefore, they shorten the time it takes to select a jury.

We thank you for your cooperation and your service as a prospective juror.
